

# Lab: HDFS

DSCI 551

Wensheng Wu

# Task

- Give examples for each of the following HDFS commands:
  - ls
  - mkdir
  - rmdir
  - rm
  - put
  - get
  - cp
  - cat

# Submission

- Submit a word/pdf document which contains
  - the screenshots showing that you have successfully executed the commands for the examples in previous slide
- Make sure screenshots are easy to read

# References

- hdfs shell commands:
